SMART START COST PRINCIPLES

Effective July 1, 2017

PURPOSE OF COST PRINCIPLES

This document establishes principles for determining costs that may be paid with State Smart Start funds. These Cost Principles are not intended to address all items of cost.

The North Carolina Partnership for Children, Inc. (“NCPC”) is charged with ensuring fiscal integrity and accountability of State funds. In this role, we have developed the following Cost Principles, incorporating a variety of authoritative rules that Smart Start must comply with. These sources are further explained in the Resources section at the end of this document.

Key to citations relevant at the time of this update are as follows:

NCGS	North Carolina General Statutes
NCSL	North Carolina Session Law
NCBM	North Carolina Budget Manual
DCDEE	North Carolina Division of Child Development and Early Education Guidance/Requirements
CFR	Code of Federal Regulations - Office of Budget and Management (Federal Cost Principles)

The Smart Start Cost Principles are applicable only to State Smart Start funds, including Smart Start program income, and supersede any prior guidance for the items listed. In cases where expenditures are allowable but limited to a specific dollar amount, overages can be charged to other sources of funds.

Other sources of funds may have specific guidelines and principles that must be followed for their funds. Accordingly, each grant agreement or contract related to sources of funds other than Smart Start should be reviewed carefully to ensure compliance with requirements.

These Cost Principles are effective **July 1, 2017**, and apply to NCPC, the Local Partnerships, and their direct service providers and grantees. [The term “direct service providers” refers to external entities with whom a Smart Start Partnership subcontracts for services.] More restrictive provisions apply to direct service providers and grantees in several areas (Section B.7. - Condolences; Section B.10. - Employee Salaries and Fringe Benefits; Section B.14. - Food for Hosted Meetings and Events, Section B.18. - Interest; and Section B.29. - Severance Pay) as identified in **bold** text below.

Stricter principles may be adopted if desired.

SMART START COST PRINCIPLES

Effective July 1, 2017

GENERAL PRINCIPLES

A. Basic Considerations

1. Factors affecting allowable costs [2CFR Part 230 App A]

In order to be paid from Smart Start funds, costs must meet the following general criteria:

- a) Be reasonable and in compliance with these principles.
- b) Conform to any limitations or exclusions set forth in these principles.
- c) Be consistent with policies and procedures of NCPC and the local partnership.
- d) Be treated consistently.
- e) Be adequately documented.

2. Reasonable costs [2CFR Part 230 App A]

A cost is reasonable if, in its nature or amount, it does not exceed that which would be prudent under the circumstances prevailing at the time the decision is made to incur the cost. In determining the reasonableness of a given cost, consideration shall be given to:

- a) Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the organization or the performance of services.
- b) The restraints or requirements imposed by such factors as generally accepted sound business practices, fair and open competitive bidding, Federal and State laws and regulations, and terms and conditions of the Smart Start contract or grant agreement.
- c) Whether the individuals concerned acted with prudence in the circumstances, considering their responsibilities to the organization, its members, employees, and clients, the public-at-large, and the State.

TRAVEL – IN GENERAL

30. Travel - In General [NCBM Ch. 5]

- a) Travel status means being away from the employee's normal duty station or home and, while traveling, the employee must be acting in his/her official capacity as required by his/her work activities. [NCBM 5.1.2]
- b) An employee traveling on official business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, delays, or luxury accommodations and services unnecessary, unjustified, or for the convenience or personal preference of the employee in the performance of official business are prohibited. [NCBM 5.0.2]
- c) Charges for recreation fees, such as movies and gym use, are unallowable.
- d) Employees will be responsible for unauthorized costs and any additional expenses incurred for personal preference or convenience. [NCBM 5.0.2]
- e) Mileage is measured from the closer of duty station or point of departure to destination (and return). [NCBM 5.1.26]
- f) No reimbursement shall be made for the use of a personal vehicle in commuting from an employee's home to his/her duty station. [NCBM 5.1.33]
- g) When an employee travels extra miles for a business-related purpose while commuting to or from home, the extra miles beyond their normal commute are reimbursable.
- h) The maximum allowable mileage reimbursement rate for the use of a personal vehicle is the rate set by the State. [NCBM 5.1.26]
- i) Travel costs are the expenses for transportation, subsistence (lodging and meals), and related items (such as toll costs) incurred by individuals traveling on business.
- j) The maximum allowable payment for subsistence (lodging and meals) shall be the rates set by the State. [NCBM 5.1.2.]
- k) Any request for meal reimbursement must list departure and arrival times. [NCBM 5.1.11]

SMART START COST PRINCIPLES

- l) Payment for meals is unallowable if the meal is provided during a conference or workshop, or if the cost of the meal is included in the registration fee. [NCBM 5.1.11]
- m) Use of Personal Vehicles versus Rental Vehicles: It is the intent that travel shall be conducted in the most efficient manner and at the lowest cost, unless extenuating circumstances exist. In the absence of extenuating circumstances, reimbursement with Smart Start funds is limited to the lowest cost option regardless of travel option used. The actual cost of moderately-priced vehicle rental (and related costs such as fuel) is allowable when cost-effective, as compared to personal vehicle mileage reimbursement. Partnerships shall establish policies and procedures that promote efficient travel for partnerships and their subcontractors/grantees. These policies and procedures must include determination of the lowest and most reasonable cost for round trips greater than or equal to the mileage threshold noted in NCBM 5.1.26. Documented local factors may justify the use of mileage thresholds different than those outlined in NCBM 5.1.26. For example, proximity to rental car agencies, travel times, insurance costs, and other factors can be used in developing local policies and procedures. [NCBM 5.1.26]
- n) Parking expenses are reimbursable while in the course of conducting Partnership business as long as such expenses are determined reasonable and clearly show that there was care taken to keep the costs to the State as low as possible. Any parking rates considered excessive and only for the convenience of the traveler will not be reimbursable. [NCBM 5.1.37]
- o) Reimbursable gratuity or tips must be considered reasonable for items that are not already covered under subsistence. Excessive tips will not be reimbursed. A reasonable tip would be one that a prudent person would give if traveling or conducting personal business and expending personal funds. [NCBM 5.1.3]
- p) Penalties and charges resulting from cancellation: Penalties and charges resulting from the cancellation of travel reservations (including airline, hotel, or other travel reservations and conference registration) shall be the Partnership's obligation if the employee's travel has been approved in advance and the cancellation or change is made at the direction of and/or for the convenience of the Partnership. If the cancellation or change is made for the personal benefit of the employee, it shall be the employee's obligation to pay the penalties and charges. However, in the event of accidents, serious illness, or death within the employee's immediate family or other critical circumstances beyond the control of the employee, the Partnership may pay the penalties and charges. RESOURCES

C. Resources

There are many authoritative rules that Smart Start must comply with, including legislation (both NC General Statutes and Uncodified Session Law), the State Budget Manual issued by the NC Office of State Budget and Management (OSBM), and relevant Cost Principles issued by the Federal Office of Budget and Management (OMB).

SMART START COST PRINCIPLES

Effective July 1, 2017

Effective July 1, 2005, the State adopted administrative rules, Title 09 NCAC 03M, “Uniform Administration of State Grants,” applicable to non-State entities that receive grants of State funds. These rules provide that Federal OMB Circular A-87, “Cost Principles for State, Local and Indian Tribal Governments,” be used to determine allowable uses of State funds.

OMB Circular A-87 specifies that OMB Circular A-122, “Cost Principles for Non-Profit Organizations,” should be used by not-for-profit organizations. Accordingly, these Cost Principles incorporate the relevant provisions of OMB Circular A-122, which is now codified under Title 2 of the Code of Federal Regulations (CFR), subtitle A, chapter 2, part 230.

These Cost Principles incorporate the relevant provisions of each of the aforementioned guidelines, and where appropriate, citations are provided to indicate the source of the rule or concept. These Cost Principles also reflect NCPC policies, accumulated guidance from the Office of the State Auditor (OSA) and DCDEE, and best practices in areas of fiscal accountability.
